What Our Customers Say About Scrubs N Stuff...

When the decision was made for our team members to go to standardized uniforms I was assigned the project and thought why me? But then I received a call from Scrubs &N Stuff! They met with us, presented each of us with a very professional copy of their Dress Code Implementation Proposal and reviewed how they could help with this project. From start to finish, Sue, Randy and the entire team at Scrubs &N Stuff have been and continue to be great to work with. They have been there every step of the way to assist our team members be ready for the implementation of our new uniform dress code.

It was decided to provide our 85 employees uniforms, which consisted of scrubs and shirts (5 sets a piece). As anyone can imagine, it was difficult keeping track of sizes, office locations, etc. etc. Randy of Scrubs N Stuff helped me out tremendously! He personally came out to my office and went over the lists I had, separated everything by employee name and location and delivered the orders! He saved me hours upon hours of time! He also provided embroidery with our personal logo on everything we ordered. I would highly recommend using Scrubs N Stuff!!

My office was looking for a company to embroider our new logo and purchase new scrub tops, and a colleague referred me to Randy Koehler at Scrubs N Stuff. He was extremely helpful to me, was accessible for all questions, and gave us great ideas for our new look. The embroidery came out great and I will continue to do business with Randy in the future.

Buying school uniforms at the extremely busy time of school opening can be a difficult task for any family, however, when my students and parents visited Scrubs N Stuff the staff made this experience very easy. Parents raved at how easy it

was to stop by the store and buy several different styles of clothes that followed our uniform guidelines. The students look great and the parents are very pleased. Thank you, Scrubs N Stuff!

Scrubs N Stuff has developed a partnership with our school to provide uniforms to our families, and they have been incredible! The staff at Scrubs N Stuff is family friendly and customer focused. They provide a quality product at reasonable prices, frequently give discount coupons and specials to help our families, and they give 3% of the profits back to our school. They have gone the extra mile to be involved in school activities, and they have become a part of our Tyrone Elementary family.

Ordering our facility's polo shirts from Scrubs N Stuff was a great experience. It was easy working with Randy. The shirts that we received were better than expected. The facility logos were all done with such precision. The color of the logo matched the color of the shirts and are beautiful! Everyone really liked what they received. I hope that we will do business for a very long time to come.
