

Onsite & Group Sales

Scrubs N Stuff is proud to provide private on site sales to hospitals, nursing homes and rehab centers, colleges and technical schools, nursing organizations, large clinics and other medical organizations.

When we provide a show to our customers, we bring first run, active inventory, including accessories and shoes, to your facility. We target the actual requirements of your staff, and adhere to your current dress code in the stock that we bring. We make the show FUN and PROFITABLE for your staff – with door prizes, and special show discounts!

If you are involved in fundraising for a foundation or volunteer organization, we will work with you to provide a percentage of the sale for your fundraising efforts.
